*A total of 82 undergraduate students from the Department of Materials Science & Engineering in the Grainger College of Engineering graduated in August 2018, December 2019 or May 2019. Of those, 65 students responded to The Illini Success Survey, accounting for a 79.3% response rate. This report provides general information about the department's graduating class and survey respondents. Excludes salary outliers less than or greater than 3 standard deviations from the mean. Also, note that N values less than 10 are for internal reference only. According to project IRB, items with N less than 10 cannot be shared publicly in the interest of respondent confidentiality.

**A total of 43 undergraduate students from the Department of Materials Science & Engineering reported having experiential learning activities with 32 of them having an internship or co-op during their program.

***Too few full-time employed graduates responded in this category to aggregate data for the 2018-2019 academic year. Signing bonus data includes those reported from August 2017 to May 2019.
