* A total of 83 undergraduate students from the Department of Engineering Physics in the Grainger College of Engineering and the Department of Physics in the College of Liberal Arts & Sciences graduated in August 2018, December 2019 or May 2019. Of those, 67 students responded to The Illini Success Survey, accounting for a 80.7% response rate. This report provides general information about the department’s graduating class and survey respondents. Excludes salary outliers less than or greater than 3 standard deviations from the mean. Also, note that N values less than 10 are for internal reference only. According to project IRB, items with N less than 10 cannot be shared publicly in the interest of respondent confidentiality.

** A total of 31 undergraduate students reported having experiential learning activities with 15 of them having an internship or co-op during their program.

*** Too few full-time employed graduates responded in this category to aggregate data for the 2018-2019 academic year. Signing bonus data includes those reported from May 2017 to May 2019.
